Dear Mr. Sieminski:

As a Field Supervisor for, Einsidler Management, Inc., a property management firm, it is my pleasure to recommend Team Pest Control to any prospective client.

You have displayed a high degree of ethics, integrity and responsibility and have provided our buildings with an excellent level of personal service as you will go "above and beyond" what industry standards dictate.

While controlling pests can be difficult, especially in large apartment buildings, you have attained a high level of success due to your attentiveness to sensitive pest issues and aggressive approach in pest elimination.

Mr. Sieminski and Team Pest Control would be an asset to any organization and I am happy to provide them with a wholehearted endorsement.

Very truly,

Robert Einsidler  
Field Supervisor
